

## New telecommunication services in Vivaldi Plaza

**Moscow, Russia – 5 April 2012** – The new business complex Vivaldi Plaza project was completed with providing telecommunications services system.

Beeline Business has deployed a fiber line throughout the business hub and built the telecommunications infrastructure there. The infrastructure enables telephony, data transmission, internet access, corporate networks and other services. In addition, Beeline Business solution includes measures to ensure better mobile communication coverage within the buildings and provide tenants with high quality integrated telecommunications services.

Business complex Vivaldi Plaza is managed by O1 Properties.

### About Vivaldi Plaza

Business complex Vivaldi Plaza - a first class building complex, located in one of the main business areas of the capital, at the intersection of the city's major highways: the Garden Ring and the Moscow River embankment.

The world-famous name Vivaldi Plaza was called for its architectural composition - four office buildings: Spring, Summer, Autumn, Winter are named after on the works of "Four Seasons" by the Italian composer Antonio Vivaldi.

Mirror glass façade of the complex reflects a panorama metropolis and gives an appearance of 'Vivaldi Plaza' lightness and airiness, characteristic of the great composer, and the green expanse of landscape and patio, combined with exceptional architecture offer conditions for productive work and creativity.

Vivaldi Plaza is designed for the most demanding tenant who appreciates quality, comfort and classic with a modern touch.

The technical characteristics of the complex are fully consistent with international standards of Class A-Premium office, as it is also one of the most durable and reliable constructions in the city.

Vivaldi Plaza was commissioned in May, 2011.

For tenants: Torro Grill restaurant, coffee shop, dining room, 13-storey hotel Marriott Courtard with different conference halls, which offers all necessary equipment for the business meetings and corporate events, private landscaped area complex with spacious seating areas, comfortable underground and surface parking (1040 seats). Vivaldi Plaza is located within walking distance of one of the major concert halls in the capital - Moscow International house of Music, and the close proximity of Paveletsky railway station provides an opportunity to get to Domodedovo airport in a comfortable express train less than in 40 minutes.
